

Laminar Medica aims to be an environmentally conscious company, by acknowledging the impact that our operations may potentially have on the environment. The clear objective of Laminar Medica is to minimise any impact on the environment by:

- Commitment to developing an effective Environmental Management System (EMS) in compliance with EN ISO 14001.
- Comply as a minimum, all obligations laid down in legislation and appropriate Codes of Practice and to attain, where feasible, standards in excess of those required by statute.
- Communicate its' aims and objectives to all stakeholders, by raising awareness, encouraging participation and training of employees in environmental matters and the effects of their activities.
- Encourage and monitor similar environmental standards from all suppliers and contractors.
- Continually improve, perform regular environmental reviews, set and agree targets and objectives at annual management reviews.
- Commitment to the prevention of pollution.
- Regular monitoring of all aspects of Laminar Medica's impacts on the environment.
- Minimise the production of waste and maximise the recycling of waste, so minimising discharges to landfill.
- Committed to the reduction in the use of resources, through continual improvement.
- Technical innovations are researched & developed to account for their environmental impact.
- Ensure that new plant, processes and practices are assessed for their environmental impact, incorporating positive environmental impacts where possible.
- Committed to noise control, monitoring and assessment.
- Encourage use of transport in a way which minimises the negative environmental effects.
- Ensure effective and expedient incident control, investigation and reporting.
- Support local environmental projects and organisations by providing financial assistance as a result of savings made through meeting targets and objectives.
- This policy will be openly available to all employees and interested parties.

The directors have overall responsibility for all environmental matters. The operation of this policy and the associated procedures will be monitored and reviewed on a regular basis to ensure that they remain current and applicable to the company's activities. This policy has been endorsed by the board of directors, which gives its full support.
